

Allan Bernards

Vision Landscape Nursery

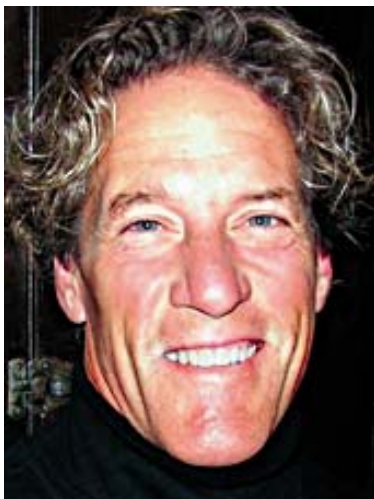

Allan Bernards moved to the Olympic Peninsula in 1985 from McMinnville, Oregon. With a love of gardening and landscapes he started Vision Landscape in 1989. His focus on design and installation evolved into naturalistic waterscapes as an integral element in the landscape canvas. Seeing the need for a botanical garden based nursery, he decided to start Vision Landscape Nursery in 2000 with his wife, Claire Bernards. Allan's dream is to give people a place to relax while being surrounded by different garden displays and water features.
